

# LIMITED WARRANTY

The Leafree system has a limited warranty that covers any manufacturer materials or workmanship under normal use during the warranty period. During the warranty period of 180 days from the date of purchase, Leafree LLC will replace any parts that are damaged with presentation of the original sales receipt and the damaged product. The limited warranty does not cover loss, theft, nor does coverage extend to damage caused by misuse, abuse, or unauthorized modifications to the Leafree system. Additionally, this limited warranty only applies to Leafree systems that are installed and cleaned according to Leafree recommendations. The Leafree system components are made from 10% glass-filled polypropylene with an antimicrobial additive. This compound makes the product flexible and rigid at the same time. However, the Leafree products are not unbreakable. When removing the Leafree system from the plant reasonable care needs to be taken to avoid breaking Leafree system components, including but not limited to overflexing the paddle component. Please note that resin and dirt build-up can cause stickiness between Leafree system components. A cleaning regiment is suggested between each use to provide optimal fitting of the Leafree system. Leafree LLC shall not be liable for any consequential or incidental damages arising from the use of the Leafree product or any part thereof. Under no circumstances shall Leafree LLC be liable for any amount greater than the original price purchaser paid for the Leafree system. Purchaser shall be responsible for any shipping and handling costs of replacement Leafree products.
